A durable ABS+PC pager watch, operating at 433MHz, powered by a 3.7V 400mAh battery.

System Configuration Manual

Important note: before setting, please read the above key's name carefully

Step 1th: setting the numbers for each call button.

1-1 Press the "return key" for 3 seconds to turn on the watch.

1-2 Press the "menu key" for 3 seconds

1-3: Press the "up key" for two times, then press the menu key for 1 time.

1-4: Press the "Menu key" for 1 time again,

1-5: Press the "Call key" of the "Numer 1 call button" for one time.

(You can attach a number sticker onto the button for noting.)

1-6: Press the "Call key" of the "Numer 2 call button" for one time.

1-7: Press the "Call key" of the "Numer 3 call button" for one time.

1-8: Continue to press the "Call key" of the rest call buttons, so the number will be set in for every call button.....

Step 2th: setting the keys.

2-1: Press the "return key" for one time. Then press the "down key" for one time. Then press the "menu key" for one time.

2-2: Press the "order key" of one of the call buttons

(Remark: if there is not "order key" on the call button, then ignore this step and move to the next step.)

2-3: Press the "down key" of the watch for one time

(Remark: if there is not “call key” on the call button, then ignore this step and move to the next step.)

2-5: Press the “down key” of the watch for one time.

2-6: Press the “pay key” of one of the call buttons

(Remark: if there is not “pay key” on the call button, then ignore this step and move to the next step.)

2-7: Press the “down key” of the watch for one time.

2-8: Press the “cancel key” of one of the call buttons

(Remark: if there is not “cancel key” on the call button, then ignore this step and continue to press the “down key” of the watch to find the matched key word.)

When all keys of the call button have been set in, then press the “return key” of the watch for 3 times.

Till now, the first watch has been programmed with the call buttons successfully.

Then you need to repeat the same operation for the other watches you have.
